About the project

We will be repairing damaged asphalt at 125 locations across the Region over the next four months. This process includes removing the top layer of asphalt, cleaning, applying a tack coat to keep the asphalt layers together, and resurfacing with new asphalt and road lines.

Timing

Construction will be completed in phases across each location from July 31 to September 24, 2024. Crews will make lane repairs on the road surfaces in Phases 1 and 2 and return to narrow but longer repairs in Phase 3.

Property and business access

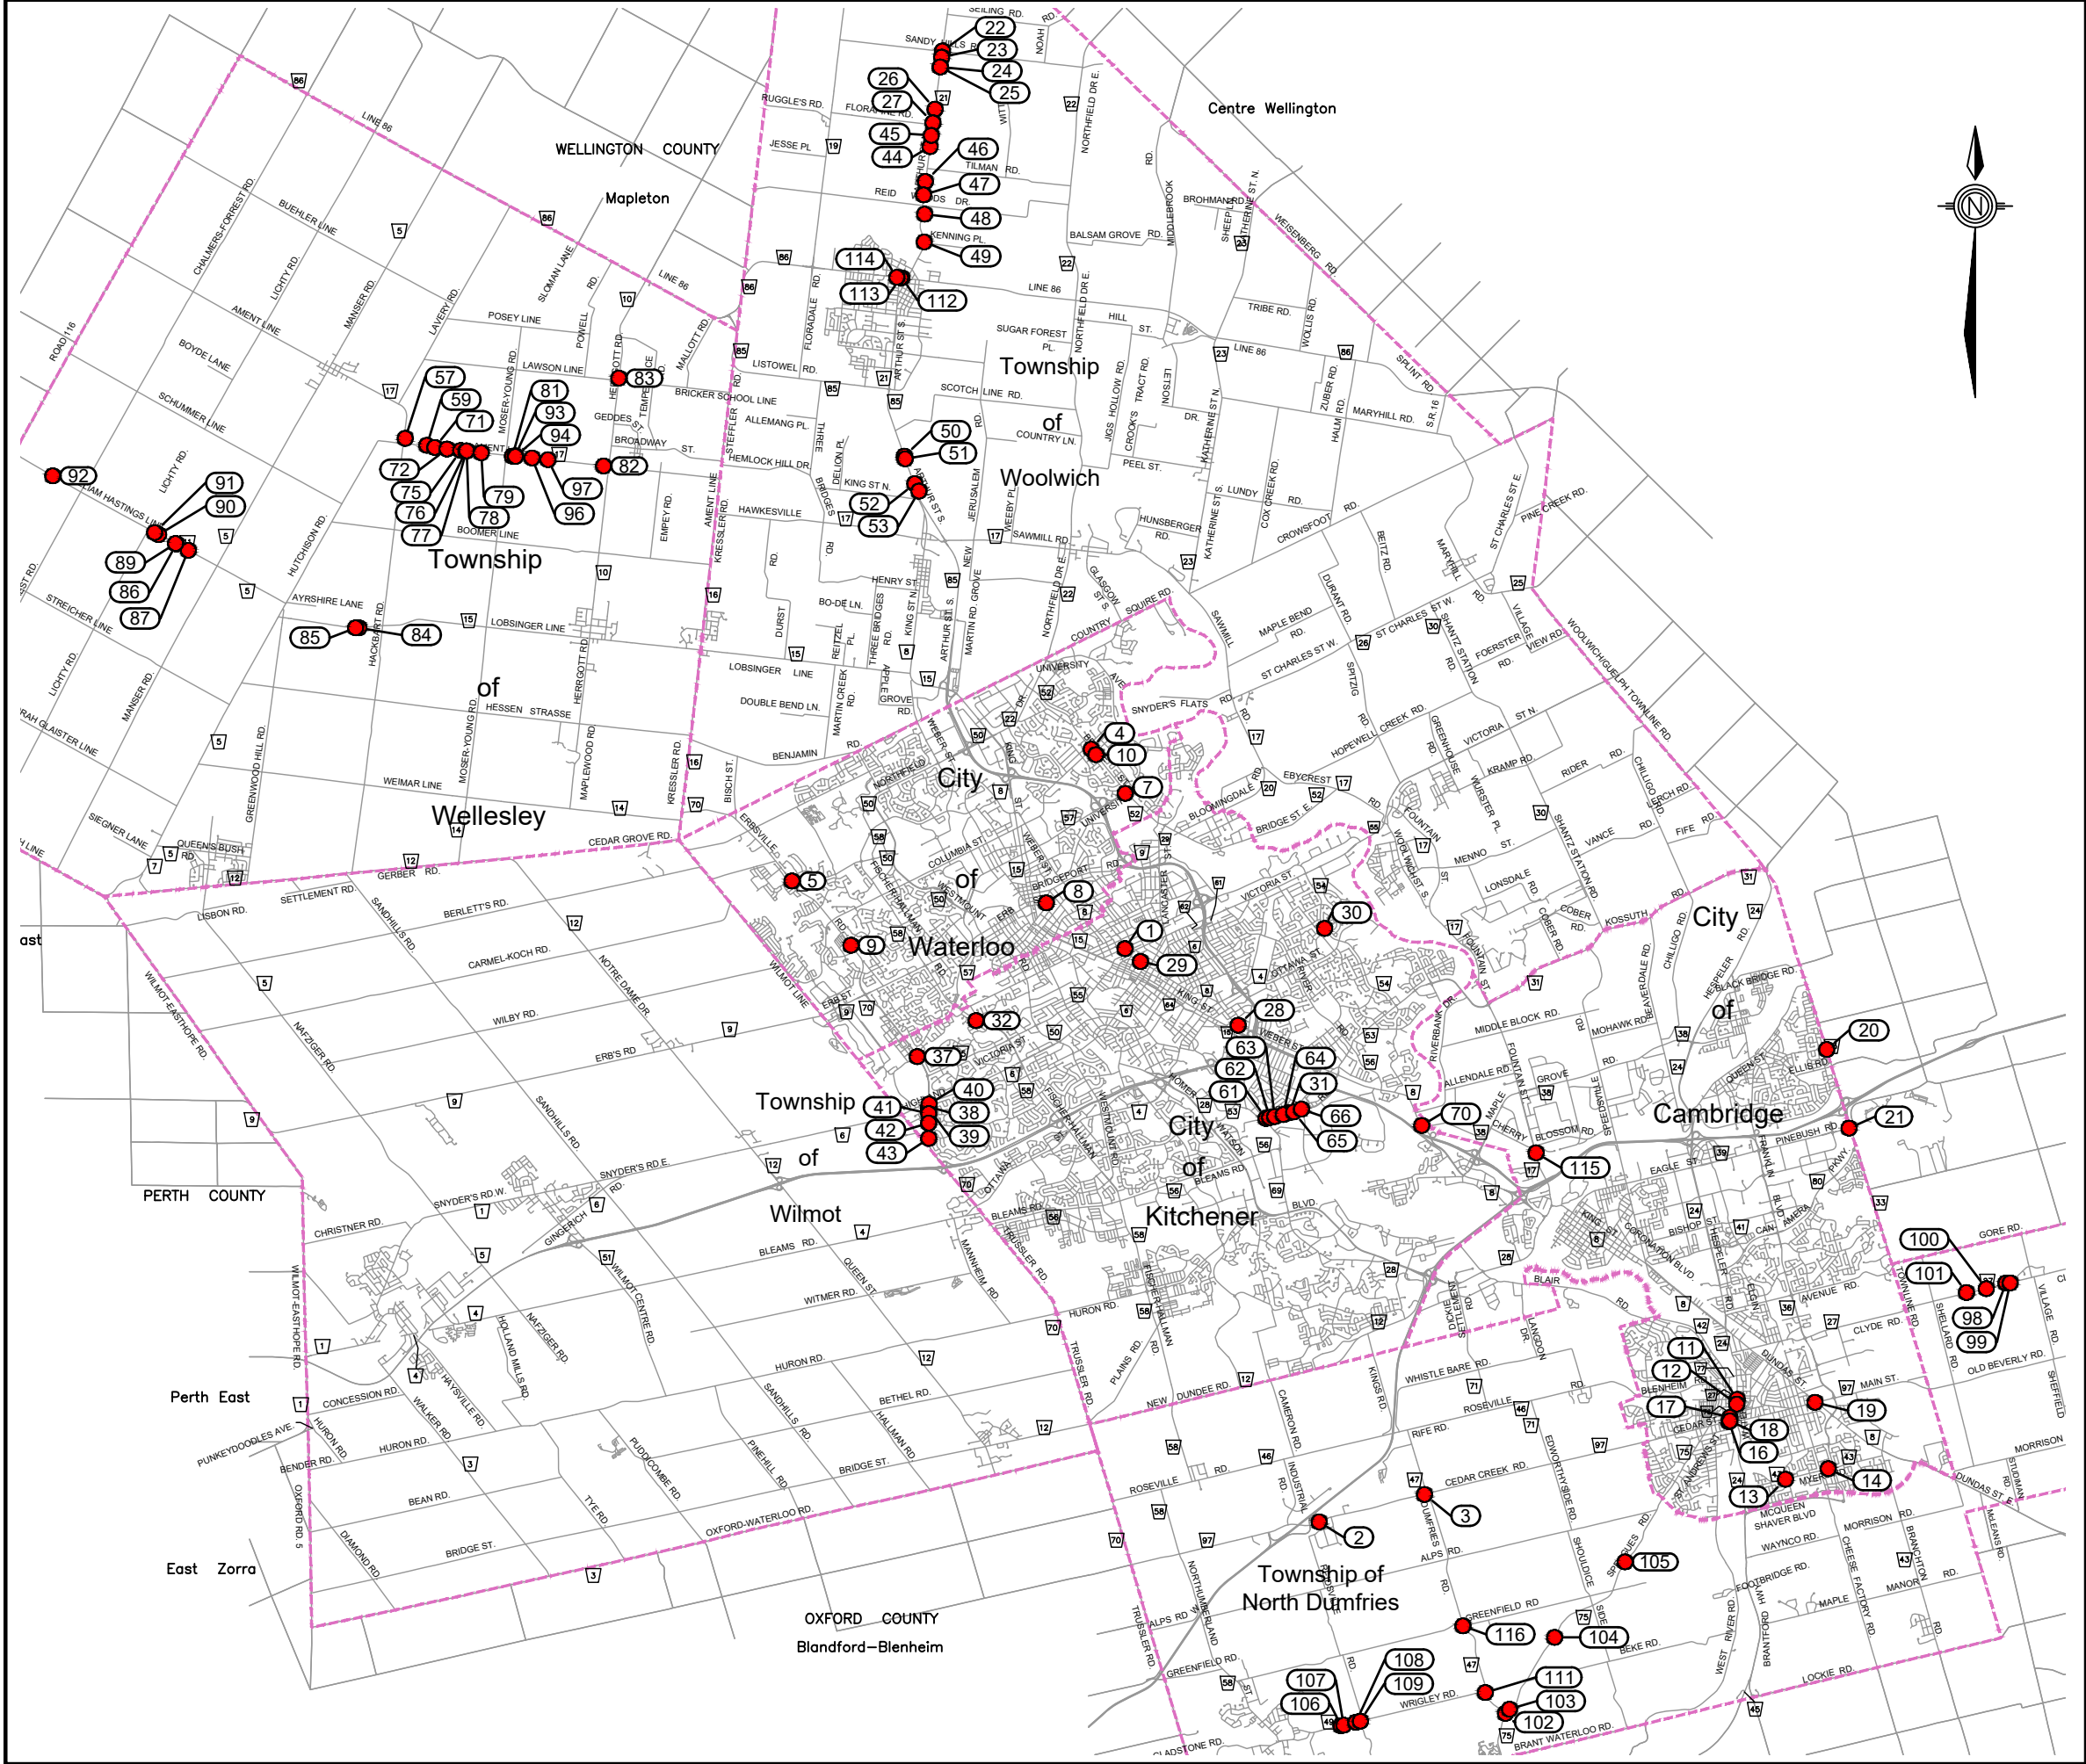

All businesses in the construction area remain open and accessible during construction. Every effort will be made to maintain access to residential and business driveways in the construction area during working hours (7 a.m.–7 p.m.). Construction activities may temporarily impact access to entrances. We will provide notice of any interruption in advance as much as possible.
